METERED AEROSOL SYSTEM

BIG D® **METERED AEROSOL SYSTEM** works well in industrial and institutional areas such as restrooms, schools, hospitality, food service and property management. There are three models of **METERED AEROSOL DISPENSERS** to choose from:

The **UTILITY AEROSOL DISPENSER** is a cost-effective way to maintain constant deodorization. It is pre-programmed to dispense a deodorant spray every 15 minutes and is equipped with a built-in indicator light which alerts you when the aerosol canister needs to be replaced. Spray covers up to 6,000 cu. ft.

The **LIGHT ACTIVATED AEROSOL DISPENSER** can be programmed to turn off when there is no light in the room. This dispenser can easily be set to spray every 5, 15 or 30 minutes for 24-hour dispensing, or to spray only at specific intervals when the lights are on in the room. It also has an indicator light which alerts you when the aerosol canister needs to be replaced. Spray covers up to 6,000 cu. ft.

Our state-of-the-art **FULLY-PROGRAMMABLE AEROSOL DISPENSER** is on the cutting edge of technology. This unit permits you customized start and stop options. Its LED clock is set to 24-hour military time to ensure accuracy. It may be programmed for either 5-day or 7-day service. Spray intervals may be set from 1 to 60 per hour, allowing more controlled use of the aerosol product. This dispenser is available in two colors. Spray covers up to 6,000 cu. ft.

BIG D® **CONCENTRATED ROOM DEODORANT** is a true odor counteractant specially formulated for industrial and institutional needs. Its formula complies with all federal and state environmental regulations, including those of California.

BIG D® offers an assortment of pleasant fragrances containing our special deodorizers that neutralize odors rather than mask them. The uniform actuator valve enables the aerosol canister to be used in BIG D® **METERED AEROSOL DISPENSERS**. Each 7 oz. can contains approximately 3,400 sprays and effectively deodorizes a 6,000 cu. ft. area.

BIG D® **METERED INSECTICIDE** is an EPA registered aerosol that may be used in commercial food service and preparation areas of milk houses, hospitals, hotels, motels, factories, stores, ships, clubs, restaurants or schools. This blend of natural pyrethrin, piperonyl butoxide and MGK® 264 is classified F-1 by the USDA and is effective on flies, mosquitoes, gnats and small moths. Great for anywhere insects are an annoyance, one can will treat up to 6,000 cu. ft. of air space for 30 days, 24 hours a day. This product is designed specially for use with BIG D® **079700 METERED AEROSOL DISPENSER**.

24/7 ODOR CONTROL

NEW!

VORTEX

PASSIVE AIR FRESHENER SYSTEM

The **VORTEX** Passive Air Freshener System features a refill with quick and easy installation. Simply twist the base until you hear it **CLICK**, and the fragrance is released onto the internal wick. The audible **CLICK** means the refill has been activated and sealed against leakage.

With **VORTEX**, get up to 60 days of powerful fragrance that fights odor at the source. Just set it and forget it! The passive system does not require batteries or any other power source to operate. Fragrance covers up to 6,000 cubic feet, or an average 2-3 stall restroom. Refills are VOC compliant and made in the U.S.A.

VORTEX REFILLS will fit your existing dispensers for an easy switchover, or try a custom fit with the **VORTEX MINI DISPENSER**. Its compact design is perfect for discreet placement in small spaces. The circular dispenser base holds the refill in place while the dispenser cover swings up and down for hassle-free servicing. The dispenser case is durable with an optional lock to prevent vandalism.

653600	Mango Bay		
653700	Lemon		

PIEZO TECHNOLOGY SYSTEM

The **BREEZE PIEZO TECHNOLOGY SYSTEM** is BIG D®'s exciting new alternative to all other deodorizing systems. Inside the **BREEZE DISPENSER**, a ceramic piezo disc vibrates as electricity passes through. This propels the ultra fine **BREEZE FRAGRANCE** particles into the room. The particles are only one micron in size and will stay airborne up to two hours.

The **BREEZE PIEZO TECHNOLOGY SYSTEM** uses safer chemical formulations than traditional aerosol sprays, with lower VOCs. Dispensers can be placed in restrooms, hotels, offices and schools, improving indoor air quality.

The BIG D® **STANDARD BREEZE DISPENSER** can easily be set to spray every 5 minutes (refill will last 20 days), 10 minutes (refill will last 40 days) or 15 minutes (refill will last 60 days). The dispenser's indicator light blinks green when operating, blinks red when the refill needs replacing, and goes dark when the batteries need replacing. Spray covers up to 8,000 cu. ft.

The BIG D® **BREEZE DISPENSER** operates on 3 AA batteries. Batteries are not included.

BREEZE STARTER KITS also available.

GEL DEODORANT SYSTEM

BIG D® **ORGANIC GEL** is made from natural organic material— plants, fruits, herbs and flowers—with each fragrance designed to control a specific odor problem. When used with a fan dispenser, the gel will last 30 days. **ORGANIC GEL** is VOC compliant and ideal for patient care, restrooms, offices and food service.

The BIG D® **LIGHT-ACTIVATED FAN DISPENSER** is designed to hold gel or wick bottle deodorants. The dispenser has a micro processor switch that can be set to OFF, ON or AUTO, and it is light-activated, so it turns itself off when there is no light in the room, allowing more efficient use of batteries and odor control products. The LED indicator informs you the unit is operating. Constructed of sturdy ABS plastic, it has a sealed motor for long life. The **LIGHT-ACTIVATED FAN DISPENSER** operates on two alkaline batteries, which will last up to 180 days. The dispenser covers 4,000 cu. ft. of space.

WICK DEODORANT SYSTEM

BIG D® **INDUSTRIAL DEODORANT** is the classic little wick-equipped bottle that has been keeping rooms odor-free for over 40 years. This oxidizing deodorant works wonders in public restrooms, sick rooms, smoking areas, and little-used or musty rooms. BIG D® **INDUSTRIAL DEODORANT** eliminates any odor from the source through a catalytic reaction which oxidizes odors whenever they meet.

A 1.5 oz. bottle of **INDUSTRIAL DEODORANT** will last up to 45 days, depending on the ventilation conditions of the room. Where air movement is good, the bottle may be placed in a **PASSIVE DISPENSER**. Where air movement is poor, it may be placed in a motorized dispenser such as the BIG D® **077700 LIGHT-ACTIVATED FAN DISPENSER**. The wick will remain wet as long as there is liquid in the bottle (and wick is not extended beyond the recommended height). The special plastic cap provided with each dozen ordered makes it possible to use the product as drops, directly on a source of odor, without spillage.

4 oz. wick bottles are made for use in large rooms and in big capacity heating/cooling systems. This size will last up to 90 days.

LARGE SPACE DEODORANT

The BIG D® **PARA WALL BLOCK** is made of 100% pure paradichlorobenzene. Para is the classic, highly effective and economical deodorizer with the sweet cherry scent. Air-soluble and unaffected by water, it comes in a mesh bag for quick and easy installation. The 20 lb. **PARA WALL BLOCK** is perfect for locker rooms, restrooms and trash collection areas.

LIQUID DEODORANTS

161700

231800

035800

BIG D® products are not made with harmful **APE**-based surfactants (Alkylphenol Ethoxylate). They are made with more environmentally-friendly **AE**-based surfactants (Alcohol Ethoxylate).

WATER SOLUBLE DEODORANT

Use BIG D® **WATER SOLUBLE DEODORANT** anywhere there's an odor problem or possible odor problem: In mop water, in the washing machine, in the humidifier, in the sick room, around the farm or ranch. **WSD** is ideal for use with carpet or upholstery. It removes odors associated with pets, food, mustiness, vomit, smoke, etc. Use anywhere any kind of cleaning operation is underway.

BIG D® **WSD** is concentrated, easy to use and effective. Just a small amount added to water or other cleaning products will destroy odors on contact without changing the properties of the cleaner.

BIG D® deodorants actually eliminate odors, not just mask them. And they are safe—nontoxic, nonflammable, biodegradable, will not stain any material unaffected by plain water. **WSD** is versatile. Use it for mopping, shampooing, rinsing or in a hand sprayer or fogger.

5 GALLON PAIL and 55 GALLON DRUM also available.

DEODORANT CONCENTRATE

BIG D® **DEODORANT CONCENTRATE** is a cost-effective, multipurpose odor counteractant. Specially formulated, it will neutralize all odors on contact, not mask them. It eliminates all odors at the source by a catalytic reaction wherever confronted. It is safe to use on any surface that water alone can be used on.

DEODORANT CONCENTRATE can be used in conjunction with any cleaner or shampoo—anything that is water soluble. It can be used daily to counteract odors each time you clean. Safe to use, it is nontoxic, nonflammable and entirely biodegradable. Use **DEODORANT CONCENTRATE** in hotels/motels, food service, health care, and other institutions.

5 GALLON PAIL and 55 GALLON DRUM also available.

READY-TO-USE SPRAY

Use BIG D® hand-powered **SPRAY** whenever and wherever fast, on-the-spot deodorizing is needed. The famous oxidizing formula removes odors regardless of their source. When compared with an aerosol you will find it lasts far longer and contains no propellant. One 4 oz. bottle contains the equivalent deodorant power of a 20 oz. can of aerosol. **SPRAY** can be used on surfaces such as draperies, upholstery, clothing, etc. It will not spot or stain fabrics.

SPRAY

NEW! OXY POWER+D

BIG D® **OXY POWER+D** is a truly remarkable ready-to-use cleaner fortified with natural citrus cleaning power and Hydrogen Peroxide. This stable combination along with a specialized surfactant system quickly attacks the most stubborn soils and stains on virtually all surfaces not harmed by water alone. A perfect choice for cleaning ceramic tile countertops and shower walls. Helps to bring back the original new grout appearance with color safe oxygen bleaching. **OXY POWER+D** also makes a great choice for general carpet spotting. Use it as a laundry pre-spotter on soiled clothes before laundering. Leaves no oily residue behind, and rinses freely with water. Environmentally preferable. Contains no hazardous ingredients, non-corrosive, no skin or air borne sensitizer, and no fragrance added.

OXY POWER+D

055000	Quart	12 per case	28 lbs.

REPEL GEL PLUS

BIG D® **REPEL GEL PLUS** is a viscous liquid that clings to pipes and drains to rid them of drain fly infestations, all the while working to break down odor-causing organic matter. **REPEL GEL PLUS** repels annoying and unsanitary drain flies with Citronella, a natural fly repellent. It also contains enzyme-producing bacteria which will multiply and digest organic waste, reduce volume of solids, and kill odors. **REPEL GEL PLUS** contains no acids or corrosives. It is biodegradable, non-toxic and non-caustic.

REPEL GEL PLUS

PRODUCT NO.	SIZE	PACKED	WEIGHT
051500	Quart	12 per case	28 lbs.

SPECIALTY CHEMICALS

BIG D® **DRAIN-TAME PLUS** is a combination of free enzymes, nutrients and genetically engineered spores designed to quickly digest grease as well as proteins and other organic wastes. These spores continue to grow and degrade grease compounds long after initial usage. A non-acid, non-caustic formula, **DRAIN-TAME PLUS** is the safe and cost-effective way to treat drain systems, grease traps, septic systems and institutional floors. Coupled with BIG D® deodorant, it deodorizes while digesting organic waste and reducing the volume of solids, including grease, proteins, fats and oils.

BIG D® **ENZYM D** digests organic waste and destroys odors associated with the decay of organic matter. It is highly effective in eliminating the organic salts associated with urine which cause odors. Specially bred enzyme/bacteria cultures attack and break down uric acid molecules by digesting the source, just the way nature does it— but in minutes rather than days or weeks, with zero environmental impact. **ENZYM D** also contains BIG D® deodorant, which neutralizes odors on contact.

The **ENZYM D PUMP** is designed to be used in conjunction with **DRAIN-TAME PLUS** and **ENZYM D**. This fully programmable peristaltic pump can be used for chemical treatment of drains and grease traps in food processing, restaurants, factories and institutions.

BIG D® **SEWER D** is ideal for deodorizing all types of wastewater and sewage treatment plants. It is especially beneficial in municipal treatment plants since their odors do not stem from one source. Well-tested and proven effective, **SEWER D** is not a masking agent – it actually kills odors, regardless of the source. **SEWER D** works in any climatic condition, hot or cold, wet or dry. **SEWER D** is Non-Flammable and Non-Toxic.

SEWER D is extremely versatile. It may be fogged, sprayed, dripped or poured. It is compatible with all known water and sewage treatment chemicals and will not change their properties. **SEWER D** will not kill algae, aerobic bacteria or anaerobic bacteria. Laboratory tests have shown that application directly into activated sludge did not harm the bacteria at concentrations up to 1000 ppm.

BIG D® **TOILET CONCENTRATE** is a super-concentrated deodorizer for use in chemical toilets, septic systems and other industrial applications where odors are a problem. This product destroys all odors caused by decomposition, whether organic or inorganic. **TOILET CONCENTRATE** contains no formaldehyde or other undesirable toxic substances. **TOILET CONCENTRATE** is safe for use in portable toilets, RVs and airplanes.

BIG D® **DRIP DEODORANT SYSTEM** for urinals and toilet bowls attacks odors at their source, neutralizing them before they become airborne. The efficient and economical **DRIP DEODORANT DISPENSER** releases the biodegradable **DRIP FLUID CONCENTRATE** which continually eliminates odors. This system is completely automatic and easy to use.

DRIP FLUID CONCENTRATE neutralizes all urine and fecal odors, and prevents build-up of odor-causing bacteria in plumbing.

Made of tough, flexible and easy to clean polypropylene, the **DRIP DEODORANT DISPENSER** will provide many years of trouble-free service. The dispenser comes complete with all hardware for easy installation.

APPLE-CINNAMON

The inviting scent of simmering apple cider swirls with aromatic spice notes of crushed clove bud, golden nutmeg, and vanilla-infused cinnamon.

COUNTRY BERRY

Fresh fragrant spruce trees entwined with the luscious aroma of a fruity combination of strawberries, blueberries and raspberries.

NATURAL

The classic, mouthwatering fragrance of bubble gum from our childhood memories.

FRENCH BUTTERCREME

A perfectly balanced combination of vanilla mixed with the aroma of fresh buttercreme frosting.

BLUE BLOSSOM

Soft cotton flower petals and delicate lily are layered with glimmering ozones and soft white florals amid sun-ripened fruit and white musk.

CHERRY

A sweet wild cherry fragrance with subtle floral undertones that leave a fresh, aromatic scent.

FLORAL

A classic blend of vanilla, rose and baby powder to evoke a sweeter, simpler time.

ORIGINAL

The original Big D® fragrance – the classic, mouthwatering aroma of pink bubble gum from our childhood memories.

LAVENDER LACE

The bold, aromatic essence of brisk white pine and fresh lavender, touched by wild herbaceous greens, a spray of fresh citrus, and a touch of cool eucalyptus.

BREEZE

A clean and rejuvenating fragrance with slight floral hints to remind you of fresh spring days.

CINNAMON

A classic, heartwarming combination of ground cinnamon spice, hints of warm clove, and a touch of crisp apple over shimmering nutmeg highlights.

PLUMERIA

Dewy greens, sweet berries, and the tropical scent of plumeria enveloped in sheer nuances of jasmine, white musk, and vanilla orchid.

POTPOURRI

The warm and welcoming scent of flower petals, with a hint of spice.

CLEAN BREEZE

A clean and rejuvenating fragrance with slight floral hints to remind you of fresh spring days.

CINNAMON TWIST

The decadent, rich aroma of freshly baked cinnamon rolls.

VERY CHERRY

A sweet wild cherry fragrance with subtle floral undertones that leave a fresh, aromatic scent.

NEW CAR SCENT

The exciting fragrance of rich leather to restore the feeling of luxury to your vehicle.

BIG D® FRAGRANCE GUIDE

Fragrances enrich our lives. They can calm us, focus our minds, and enhance the warmth and comfort of a space. Our sense of smell is 10,000 times more sensitive than our other senses, and therefore it plays a big part in how we feel. Explore the variety of fragrances found in BIG D® odor control products.

FRESH LINEN

The crisp yet delicate scent of freshly laundered linens.

MOUNTAIN AIR

A fresh and pleasant fragrance with undertones of pine, ozone, clear spring water, wild meadows and earth.

APPLE

The deliciously tart, yet slightly sweet aroma of crisp green apple.

EVERGREEN

The complex, memorable aroma of fresh-cut pine wood.

CITRUS

Immerse your senses in this citrusy, juicy, fruity orange with undertones of sweet lemon and lime.

HONEYSUCKLE

The powerful, sweet scent of honeysuckle blossoms with nuances of vanilla and wood.

CALYPSO LIME

An enticing combination of vibrant lime juice and ripe Valencia orange swirls with vanilla bean, finished with dazzling sea salt.

HERBAL

A calming aroma of natural flower and plant essences.

ICE

Invigorating mint leaves sparkle with subtle floral notes warmed by smooth sandalwood, crisp cedar, and spicy vanilla caraway over peppered clove buds, ambered moss, and ethereal musk.

MANGO BAY

The fruity aromatic scent of juicy, fresh ripe mangos with a leafy undertone.

LEMON

The crisp and clean aromatic scent of freshly squeezed lemons.

MELON MIST

Sweet notes of ripe melon intermingle with fresh-squeezed lime and juicy pomelo over shimmering hints of tropical mango and luscious guava.

MINT FRESH

A stimulating blend of mint leaves and eucalyptus to awaken the senses.

NEUTRA D

Sparkling orange zest and fresh pine balsam are embellished with crushed spices, aromatic star anise and crisp cedar.

SUNBURST

Immerse your senses in this citrusy, juicy, fruity orange with undertones of sweet lemon and lime.

LEMON DROP

The crisp and clean aromatic scent of freshly squeezed lemons.

WHITE TEA

Light, clean notes of bergamot and vanilla intermingle with an airy blend of white tea leaves and a touch of cedar and mahogany wood.

SMOKE ODOR NEUTRALIZER

A fragrance that eliminates the smell of tobacco smoke, leaving behind a spice candy scent.

Autumn 4 collection PACK

You'll FALL for the warm and welcoming scents of fall!

BIG D® presents the **AUTUMN COLLECTION** — two fragrances for Metered Aerosol Dispensers featuring seasonal favorites.

FALLING LEAVES

The essence of crisp autumn apple, lustrous greens, and smooth woodland elements infused with balsamic evergreen, ambered leaves, juicy berry, and cinnamon-spiced vanilla.

PUMPKIN SPICE

The aroma of delicious baked pumpkin floating above warm ginger and cinnamon highlights infused with delectable hints of creamy vanilla and sweet brown sugar.

CONCENTRATED ROOM DEODORANT for Metered Aerosol Dispensers is a true BIG D® odor counteractant specially formulated for industrial and institutional needs. It contains our special deodorizers that neutralize odors rather than mask them. The uniform actuator valve enables the aerosol canister to be used in BIG D® **METERED AEROSOL DISPENSERS**. Each 7 oz. can contains approximately 3,400 sprays and effectively deodorizes a 6,000 cu. ft. area.

PROFESSIONAL LAUNDRY PRODUCTS

Kill ALL odors in fabrics, regardless of their source.

BIG D® **EX-IT®** products are manufactured expressly for professional and institutional Launderers and Dry Cleaners. **EX-IT®** products will inexpensively eliminate the most persistent odors in finished goods, and in the plant, too.

EX-IT® 228 ODOR CONTROL FABRIC SOFTENER completely eliminates all odors, whether organic or inorganic, fresh or long term, from any source. It also restores fabrics to their original softness and eliminates rolling. Simply add 2 oz. per 100 lbs. of fabric (or 62 1/2 gallons of water) in the last laundry operation.

EX-IT® 828 ODOR CONTROL DRY CLEANING FLUID completely eliminates odors in clothing and drapes, and in the plant, too. Just 2 oz. per 100 gallons of solvent insures there will be no odors left in the fabrics cleaned, even garments stored in airtight bags.

EX-IT® 816 DRY CLEANER'S TEXTILE DEODORANT is an aerosol deodorant designed to aid spotters and pressing board operators, as it can be sprayed directly on garments. It will not ring or spot fabrics that plain water would not. It may also be used for space/air deodorizing.

Like it never happened.

When disaster strikes, use Fire D® to eliminate odors.

Once a fire has been put out and the mess has been cleaned up, finish the job by using **FIRE D®**. Because smoke coming from an intense fire is under pressure, it's forced deep into cracks and crevices, into and through porous materials. Smoke particles have an odor that haunts building owners long after clean-up, particularly when humidity is high. **FIRE D®** will kill the odor, like it was never there.

FIRE D® LIQUID, when used as directed and in sufficient amounts, will absolutely remove odors – even from charred wood and scorched rubber wiring. Unlike most BIG D® deodorants, **FIRE D® LIQUID** must be used full strength. It must not be mixed with any other product or diluted by water or any water solution. It is a strong product designed to combat strong odor problems – treat it with care and it will take care of your odor problem like no other deodorant product is capable of doing. **FIRE D® LIQUID** may also be used to kill such overpowering odors as decomposing bodies and flood residue. **FIRE D® LIQUID** works best when used in a microsol dispenser machine such as the **ELECTRIC FOGGER MACHINE**.

Use **FIRE D® ONE SHOT AEROSOL FOGGER** to kill after-fire odors in automobiles and other small enclosed areas where a fogging machine would be awkward or electrical power is not available.

FIRE D® AFTER FIRE ODOR CONTROL LIQUID

AEROSOL ROOM DEODORANT

BIG D® **AEROSOL ROOM DEODORANT** has a new drier formula specially formulated to kill all odors and to meet the needs of the janitorial and industrial marketplace. This product may be used any place odors occur. **AEROSOL ROOM DEODORANT** contains no 1,1,1-Trichloroethane or fluorocarbons. The fine, dry mist is environmentally compatible with all state governmental regulations, including those of California.

ODOR CONTROL FOGGER

BIG D® **ODOR CONTROL FOGGER** destroys all odors in any home-size room, individual office or car that has been in a flood, a fire, a skunk encounter, or any other place that is enclosed or too small for a large electric fogging machine. The **ODOR CONTROL FOGGER** is far superior to the handheld aerosol for the kinds of odors that force themselves into cracks and crevasses. It eliminates cigarette odors in cars and musty smells in closed rooms. It is excellent for use in property management and auto detailing. One 5 oz. can provides up to 6,000 cu. ft. of odor-destroying coverage.

INDUSTRIAL AEROSOLS

BIG D® **GEL D** is a specially formulated viscid aerosol deodorant that may be used to counteract problem odors wherever they may occur. The adhesive properties of this spray allow the product to be applied to either vertical, horizontal or irregular hard, nonporous surfaces. The slow releasing formula will provide continuous deodorization, eventually evaporating, leaving no noticeable residue. Use as often as necessary for long-lasting odor neutralization. **GEL D** counteracts odors caused by tobacco, garbage, animals, cooking, as well as odors found in bathrooms, locker rooms, kitchens, drains, trash cans, dumpsters, and portable toilets.

When you're short on time and your carpet needs refreshing, use BIG D® **CARPET FRESHENER** to quickly remove unwanted odors from carpet and rugs with no vacuuming. Simply apply this aerosol foam to the desired area and watch and wait while the foam magically disappears, taking with it any stale or musty odors that were present. Stubborn odors such as pet odors, tobacco or food are eliminated with one easy application, leaving the area with a fresh, clean scent. BIG D® **CARPET FRESHENER** is a true BIG D® deodorant – one that will eliminate odors from any source that may be trapped in carpet fibers.

DEODORANT POWDER

Use BIG D® **DEODORANT POWDER** anywhere that needs deodorizing but must remain dry. Leave on for 5 to 10 minutes and then vacuum or brush away. It has strong deodorizing properties that work well in neutralizing odors in carpets and dumpsters.

DEODORANT POWDER is perfect to use around paper goods, books, on wood, carpet and some textiles. Sprinkle on, leave for a few minutes, then vacuum or brush away along with any unpleasant odor. May also be used in trash dumpsters.

GRANULAR DEODORANT

BIG D® **GRANULAR DEODORANT** destroys odors and absorbs moisture in one operation. Designed to be sprinkled on and vacuumed or swept away. Excellent for garbage cans, dumpsters, pet shops and kennels.

The dried clay which forms the base of **GRANULAR DEODORANT** absorbs moisture rapidly, and the BIG D® deodorant in it destroys all odors on contact. Designed to be used on areas affected by vomit, feces, wet garbage, oils, etc. **GRANULAR DEODORANT** may be mixed with sand in smoking stands, or used as cat litter.

DUMPSTER D+C

BIG D® **DUMPSTER D+C** is formulated with special odor absorbing granules and *Citronella* – proven to deter annoying flying insects. This unique and safe formula works fast, is long-lasting, and neutralizes odors on contact.

Use to quickly and effectively deodorize garbage dumpsters, trash cans/containers, compactors and garbage collection trucks. Simply shake or spread into or around dumpsters, garbage containers and musty areas. **DUMPSTER D+C** is noncorrosive, safe to use, and biodegradable, making it environment-friendly and user-friendly.

D-VOUR ABSORBENT POWDER

BIG D® **D-VOUR** devours liquids such as spilled bodily fluids as it eliminates odor. **D-VOUR** is a polymer which, when sprinkled lightly on liquid, transforms it in seconds to a tidy, congealed semi-solid, easy to pick up and dispose of. **D-VOUR** will absorb 100 times its weight.

D-VOUR changes smelly liquids into an odorless semi-solid mass for fast, easy clean-up. Ideal for spills in grocery stores, restaurants, health care facilities or schools. Use **D-VOUR** to set free-flowing liquids (except for oils) and destroy odors fast.

D-VOUR CLEAN-UP KIT

The BIG D® **D-VOUR CLEAN-UP KIT** transforms a liquid spill into an odorless, semi-solid mass for disposal. Effective for spills of blood, urine, feces, food and other malodor sources, this kit contains all the necessary items for clean up and disposal of spilled bodily fluids following the guidelines of OSHA and The Centers for Disease Control.

The BIG D® **EXTRA DUTY D-VOUR CLEAN-UP KIT** can be used in compliance with OSHA to safeguard against exposure to bloodborne pathogens. Each kit comes with a registered phenolic disinfectant aerosol spray that kills HIV and tuberculosis.

EACH KIT CONTAINS:

- 1 packet of **D-VOUR** (absorbs 80 to 100 times its weight)
- 1 pair of disposable gloves
- 2 disposable scoops with hand grips
- 1 black disposable plastic bag
- 1 red biohazard disposable plastic bag
- 1 germicidal disposable wipe
- 2 antiseptic disinfectant towelettes
- Instructions for clean up and disposal of spilled bodily fluids which follow the guidelines of OSHA and The Centers for Disease Control

the diamond3D

THE DIAMOND 3D URINAL SCREEN replaces THE PEARL 3D URINAL SCREEN in the BIG D® Premier Restroom Products line. It is a superior product with 50% more surface area, but for the same price. Its unique design can be installed on either side, ensuring correct placement every time. It has a more open design and increased spike height, eliminating 99% of urine splash, which saves custodial cleaning time and patrons' pant splatters.

THE DIAMOND 3D URINAL SCREEN is VOC compliant in all 50 states. It features Diamond & Spike Technology, with spikes of three varying lengths that help prevent splash back and cross contamination of urine to other areas outside the restroom. **THE DIAMOND 3D** is flexible for a proper fit to any urinal contour. The translucent design allows total viewing of the drain to ensure it remains free flowing as it collects debris before the drain is clogged. **THE DIAMOND 3D** is also safe for use in waterless urinals. The fragrance will last 30 to 45 days.

THE DIAMOND 3D URINAL SCREEN

LAVENDER LACE

THE OPAL URINAL SCREEN is the top of the BIG D® Premier Restroom Products line, with the most fragrance and the longest anti-splash spikes. It is VOC compliant in all 50 states. It features a 1-sided anti-splash texture which helps prevent splash back and cross contamination of urine to other areas outside the restroom. **THE OPAL** is flexible for a proper fit to any urinal contour. The translucent design allows total viewing of the drain to ensure it remains free flowing as it collects debris before the drain is clogged. **THE OPAL** is also safe for use in waterless urinals.

THE MINI PEARL 3D URINAL SCREEN is reduced in size for smaller urinals found in places such as cruise ships, portapotties, tour buses, or childcare facilities. Use **THE MINI PEARL** whenever another urinal screen is too large or too strong — in small restrooms and small spaces.

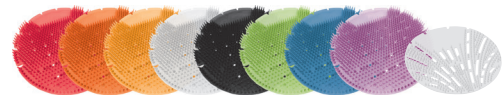

THE D-CLIP RIM HANGER contains deodorizers that are remarkably more powerful than traditional rim hangers, and no batteries are needed. **THE D-CLIP** is specially designed to be installed with the body of the rim hanger on the outside of the toilet. VOC compliant in all 50 states, it will keep the area smelling fresh for 30 to 45 days.

THE D-TOWER is the exciting passive deodorant cartridge for freshening the air in any size space. Forget about liquid spills or accidents, as the solid design of the cartridge eliminates the mess. No batteries are needed. **THE D-TOWER** will keep any area smelling fresh for 30 to 45 days and is made from 100% recyclable material.

THE D-TOWER REFILL cartridge will fit in the **VORTEX MINI DISPENSER**. Place it in bathroom stalls, restrooms, offices, hallways, kitchens, etc.

THE P.O.D. (PASSIVE ODOR DISPENSER) is designed specifically for small confined areas. It utilizes a solid cartridge in a handy, adjustable passive dispenser which attaches to any surface with pressure sensitive adhesive backing (included). **THE P.O.D.** locks to prevent tampering, and opens with a special key. To neutralize odors, **THE P.O.D.** can be placed in cars, boats, closets, bathroom stalls, etc. It may also be used in forced-air heating registers to provide a fragrance throughout the house or office. **THE P.O.D.** requires no batteries or electricity to operate.

THE P.O.D. REFILL will keep any small area smelling fresh for 30 to 45 days.

PARA PRODUCTS

Economical and highly effective with the classic sweet cherry scent, BIG D® **PARA PRODUCTS** are made of 100% pure paradichlorobenzene.*

The **PARA URINAL TOSS BLOCK** eliminates all odors on contact. Available in two sizes, 3 oz. or 4 oz. The **TOSS BLOCK** is air-soluble, so its performance is not affected by water. Blocks are individually wrapped for freshness.

The **URINAL SCREEN WITH PARA BLOCK** protects the urinal from debris while deodorizing. Flushes will not affect the life of the block. Available in two sizes, 3 oz. or 4 oz. Screens are individually wrapped for freshness.

**Paradichlorobenzene is prohibited from sale or use in the states of California, Connecticut, Delaware, Indiana, Maine, Maryland, Massachusetts, Michigan, New Jersey, New York, Pennsylvania, Rhode Island, Utah, Vermont, Virginia and Washington, D.C.*

NON-PARA PRODUCTS

BIG D® offers a complete line of Blue Block deodorizing products for urinals and toilet bowls that contain no paradichlorobenzene.

The **NON-PARA URINAL TOSS BLOCK** is completely water soluble and will not clog drains. It lasts up to 1,000 flushes (30 days of normal operation). Blocks are acid-free, water-soluble and 100% biodegradable.

The **URINAL SCREEN WITH NON-PARA BLOCK** cleans and deodorizes with every flush while protecting the drain from debris. The screen comes in two sizes, 1500 flushes or 2000 flushes. Blocks inside the screen are acid-free, water-soluble and 100% biodegradable.

For high usage restrooms, the **MAGNUM URINAL SCREEN WITH NON-PARA ENZYME BLOCK** provides even more cleaning and deodorizing power with every flush. The **MAGNUM** will last up to 2500 flushes. Blocks inside the screen are acid-free, water-soluble and 100% biodegradable.

The **TOILET BOWL RIM HANGER WITH NON-PARA BLOCK** fits most toilets and deodorizes up to 1,500 flushes (30 days normal operation). The compound inside gradually dissolves, coloring the standing bowl water a fresh aqua as it imparts a nice fragrance. Replace when the water is no longer colored. Blocks are acid-free, water-soluble and 100% biodegradable.

DEO-GARD DISPOSABLE MAT

The **DEO-GARD DISPOSABLE MAT** is constructed with a heavy, high-friction, coefficient material that actually grips to clean, dry floors. No adhesive is needed. **DEO-GARD COMMODE AND URINAL MATS** will neutralize odors by catching and quickly absorbing unwanted splashes and drips, protecting the floors from stain, discoloration and uric acid damage with a moisture barrier backing.

DEO-GARD URINAL MAT

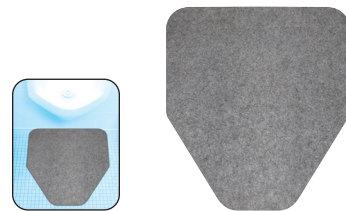

NO.	DIMENSIONS	PACKED	WEIGHT
666800	17.5 in x 20.5 in x .25 in thickness	6 per case	7 lbs.

DEO-GARD COMMODE MAT

666700	22 in x 22 in x .25 in thickness	6 per case	9 lbs.

D-SORB URINAL MAT

The **D-SORB URINAL MAT** is the revolutionary super-thin absorbent mat with superior design and performance. It is constructed of multiple layers of nonwoven fabrics, laminated together with a layer of moisture barrier plastic film, and finished with a non-skid backing. The mat is only .115 inch thick, which helps prevent tripping and slipping. The gray colored material is attractive in most any décor. It is soft and flexible to conform flat to any floor surface. It can last up to 4 weeks, depending on traffic, and it is easily disposable. The **D-SORB URINAL MAT** will reduce odors by catching and quickly absorbing unwanted splashes and drips under urinals. It protects the floor from stain, discoloration and uric acid damage. It prevents cross-contamination by eliminating the tracking of urine from the restrooms to other parts of the building.

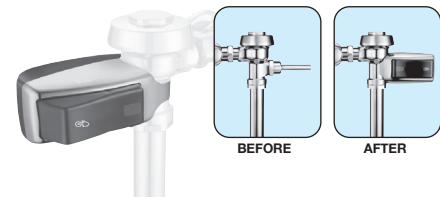

D-SORB URINAL MAT

666900	18.12 in x 20.5 in x .115 in thickness	6 per case	1.7 lbs.

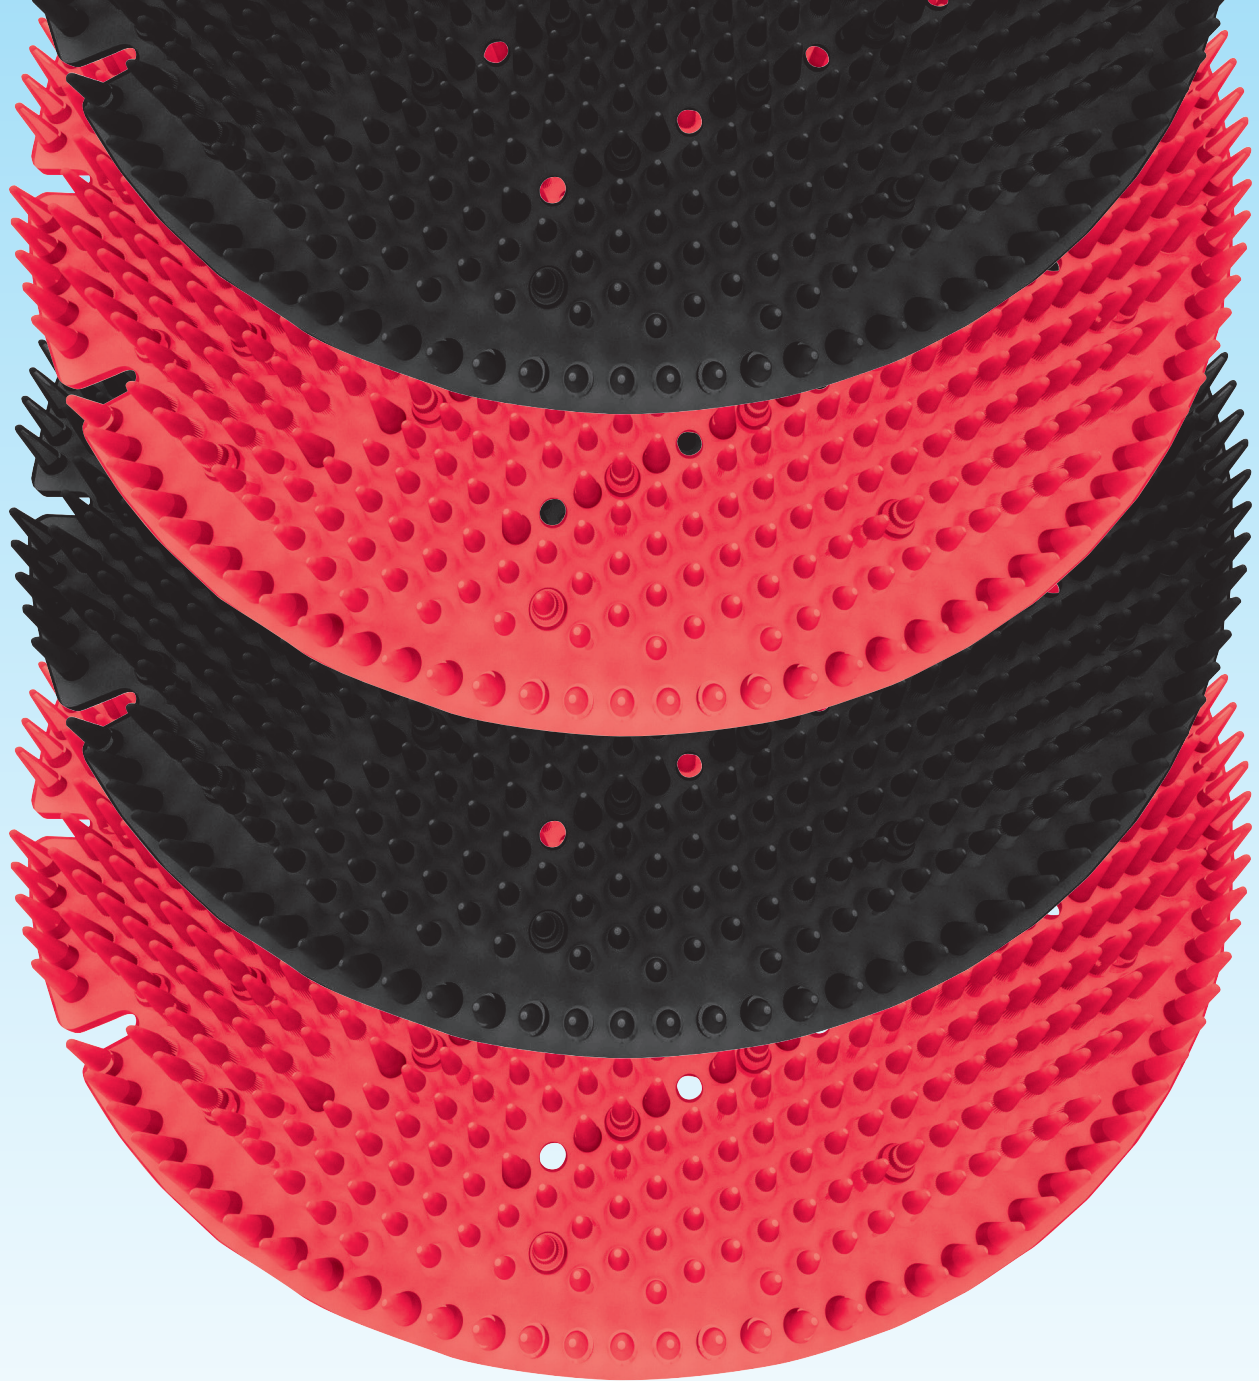

SMOOTH™ AUTO FLUSH UNIT

The **SMOOTH™ AUTO-FLUSH UNIT** retrofit kit is the next advancement in hygiene. It uses sensor technology to transform manual installations into electronic, hands-free operations. The user makes no physical contact with the surface except to initiate the Override Handle when required, which helps control the spread of infectious diseases. There is no need for AC hookups. The unit operates by means of a battery-powered infrared sensor. Once the user enters the sensor's effective range and then steps away, the unit initiates the flushing cycle to flush the fixture.

SMOOTH™ AUTO-FLUSH UNIT
